

Table-2: Application Characteristics

Project Design Phase-II
Technology Stack (Architecture & Stack)

Date	11 September 2026
Project Name	Laptop Request Management System
Maximum Marks	4 Marks

Technical Architecture:

The Deliverable shall include the architectural diagram as below and the information as per the table1 & table 2

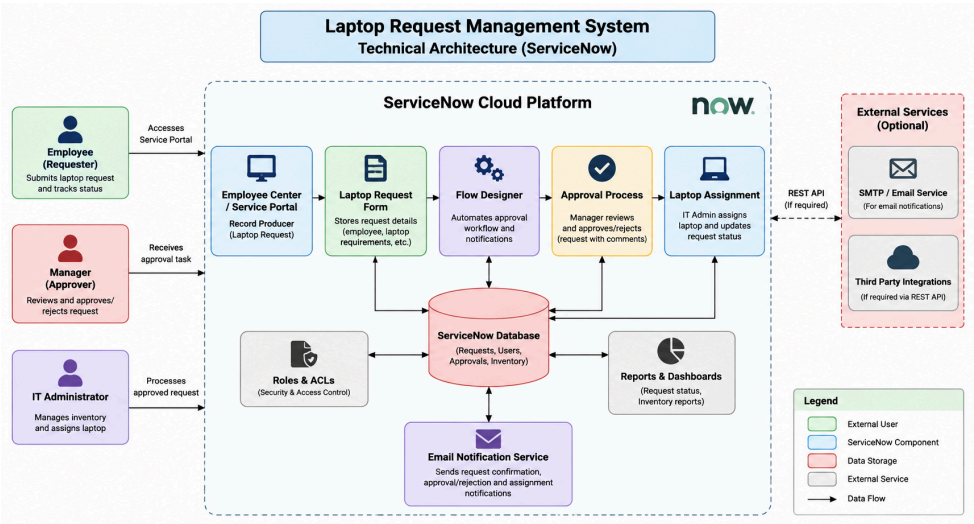

Table-1 : Components & Technologies:

Table-2: Application Characteristics

S.No	Component	Description	Technology
1.	User Interface	Interface for employees, managers and IT administrators.	ServiceNow Employee Center / Service Portal
2.	Application Logic-1	Handles laptop request creation and processing.	ServiceNow Flow Designer
3.	Application Logic-2	Handles manager approval workflow.	Flow Designer / Approval Rules
4.	Application Logic-3	Handles laptop assignment and status updates.	Business Rules / Flow Designer
5.	Database	Stores requests, users, approvals and laptop information.	ServiceNow Platform Database
6.	Cloud Database	Cloud-based data storage provided by the platform.	ServiceNow Cloud
7.	File Storage	Stores supporting documents and request attachments.	ServiceNow Attachments
8.	External API-1	External integration, if required.	Not Applicable
9.	External API-2	External integration, if required.	Not Applicable
10.	Machine Learning Model	Machine learning functionality.	Not Applicable
11.	Infrastructure (Server / Cloud)	Hosts and runs the application.	ServiceNow Cloud Platform

Table-2: Application Characteristics

S.No	Characteristics	Description	Technology
1.	Open-Source Frameworks	No external open-source framework is required.	ServiceNow Platform
2.	Security Implementations	Role-based access controls protect request and inventory information.	ServiceNow Roles & ACLs
3.	Authentication	Users authenticate through the ServiceNow platform.	ServiceNow Authentication
4.	Workflow Automation	Automates approval, assignment and status updates.	Flow Designer
5.	Notifications	Sends notifications when request status changes.	ServiceNow Notifications
6.	Reporting	Provides reports and dashboards for requests and inventory.	ServiceNow Reports & Dashboards
